

Hormann Metal Recycling Scholarship

This \$300 scholarship was established by Hormann Metal Recycling in 2023. This scholarship will be awarded to a deserving applicant from the graduating Class of 2024.

This scholarship will be awarded primarily to a student pursuing an education in a vocational or trade area. Students who receive B, C, or D grades and could use some support succeeding in life are encouraged to apply.

Upon post-secondary graduation, if a student returns to Wheaton for employment, another \$200 will be awarded towards their college costs after 6 months of employment in the community.

Essay Requirement: In 250 words or less, describe what career path you will be pursuing and where you see yourself in 5-10 years.

Return your completed application to Mrs. Hersch by April 12, 2024.
